

## POWER & COMPRESSOR CYLINDER

At Contango, we can offer OEM compressor parts and components in a more timely manner than our competitors. By our manufactures and sup suppliers worldwide, we can ensure the parts our customers require are on hand.

We also offer aftermarket products to offer the most attractive pricing to suit our customers' needs..

The proven design of the cylinders eliminates the cost of a cylinder cooling system and removes the complexity and maintenance problems associated with water cooling, such as scaling and corrosion.

### Features & Benefits

Generous, smooth gas flow passages

- Minimum pressure

drop—improves efficiency Low velocity, double-deck poppet valves

- Minimum losses—improves efficiency

Well designed head-end and crank-end clearance

pockets

- Increases operating flexibility with minimum losses. Avoids engine

Overload Large suction and discharge nozzles

- Less pressure drop—improves efficiency

Custom made to your specifications

Satisfies exact diameter and built-in clearance requirements for optimum efficiency and engine loading

Contango offers cylinders & spares for manufacturer listed below:-

**Ajax Compressor Parts**

**Clark Compressor Parts**
